OUR PRODUCTS

Duralloy® is an ideal choice for architectural residential fittings such as aluminium windows, doors, balustrades, fences, as well as interior items and other metal substrates. Supported by a 10 year durability warranty* on architectural aluminium for BCA Class 1 and Class 10 residential projects, when applied by a Dulux® Registered Applicator.

For an added touch of class, Precious® is an ideal choice for architectural residential fittings such as aluminium windows, doors, balustrades, fences, as well as interior items and other metal substrates. Supported by a 10 year durability warranty* on architectural aluminium for BCA Class 1 and Class 10 residential projects, when applied by a Dulux® Registered Applicator.

Duratec® delivers superior gloss and colour retention when compared with standard polyester powder coatings. It has been developed for use on architectural aluminium including window and door frames, panel work and other exterior metal features and is supported by a 20 year durability warranty* when applied by a Dulux® Registered Applicator.

Alphatec® includes a range of fun, bright colours ideal for interior items including electrical cabinets, interior fit-out, industrial design and metal consumer products. Where colour retention is paramount, we recommend our Duratec® Intensity® range of exterior durable brights.

* Subject to the terms and conditions of the relevant product warranty. Please contact your local Dulux representative for more details.

COLOUR SELECTOR

The Dulux® Colour Selector showcases a wide range of our most popular colours, specially selected to inspire you and your design.

To view our full range of standard colours visit duluxpowders.com.au

Specification made easy

Specification of powder coating finishes on architectural aluminium and other metal substrates can be a complex process and the following items should be considered:

- What is the most appropriate product for your project
- Does the product offer a genuine performance warranty
- What assurance is there the coating is applied correctly
- How do you ensure that your specification is not misinterpreted

Selecting your colours

Some colours may share the same colour name but be entirely different. To avoid disappointment when choosing colour, remember to specify as follows:

- Specify the Dulux® product name and code
- Nominate the required performance standard
- To be applied by a Dulux® Registered Applicator
- Specify the durability warranty required

Durability Indicator

- Up to 20 years durability warranty* ☀️☀️☀️
- Up to 10 years durability warranty* ☀️☀️
- No durability warranty* ☀️

ADVICE LINE

Our dedicated consultants can help simplify the specification process, saving you time and money by providing the right coating advice for your job.
